Incredible Private Event

I was looking to host a luxury, curated tour for a large group. Ilana and her team were so flexible as we dealt with a number of hurdles and changes with our groups size, tour timing, and overall itinerary. Utilizing her wide range of connections and luxury expertise, Ilana was able to smoothly navigate our changes and delivered a seamless event inclusive of a boat tour, main event programming, transportation, and personal guides, I am so appreciative for her help and professionalism

NYC in Complete Luxury

We booked one of the private luxury tours of NYC from High Quality Tours. It had to be one of the best New York City tours available. It was done on both a luxury bus and also a yacht. There is nothing like seeing NYC from the water. Bridges and other sites can be appreciated so much more on water. We had a very relaxing time and our guides were awesome. We will be sure to recommend this Manhattan Sightseeing Tour.

The Only Tour to Take in NYC

I was always leery of NYC tours by bus. They always looked kind of tacky to me. My husband wanted to try one so we took the New York guided sightseeing tour by luxury coach from High Quality Tours. I must say that we really enjoyed it. Our tour guide really knew the history. You could tell he had been giving Manhattan tours for a long time. High Quality Tours changed my whole impression of New York City sightseeing tours.

Money Well Spent!

I booked a private tour for my 2 young children and I. It was one of the best choices I could have made! Our tour guide, Berenice, and our driver, Isaac, were absolutely amazing!!! They made sure that they kids and I were comfortable and had a great time. Berenice was extremely knowledgeable about the city and went above and beyond to make sure my kids were happy and not bored. She even bought goodie bags for my kids and I! Isaac was an excellent driver and was very nice. I highly recommend this company to everyone and will definitely be a repeating customer.
